Consistent with the UC Policy on Sexual Violence and Sexual Harassment ("SVSH Policy"), the following describes the University’s process for investigating and adjudicating alleged violations of the SVSH Policy in instances where the Respondent is a University faculty member whose conduct is governed by Section 015 of the Academic Personnel Manual (APM-015), The Faculty Code of Conduct ("Code of Conduct"). A flow chart illustrating the process for complaints against Academic Senate faculty can be found in Appendix A. A flow chart illustrating the process for complaints against non-Senate faculty can be found in Appendix B.

These Local Procedures should be read in conjunction with the SVSH Policy, last issued July 31, 2019; the Sexual Violence and Sexual Harassment Investigation and Adjudication Framework for Senate and Non-Senate Faculty, last issued July 31, 2019; applicable APM provisions, including APM-015 (The Faculty Code of Conduct), APM-016 (University Policy on Faculty Conduct and the Administration of Discipline), and APM-150 (Non-Senate Appointees/Corrective Action and Dismissal); and applicable Senate Bylaws, including Senate Bylaw 336 (procedures for disciplinary hearings) and Senate Bylaw 335 (procedures for considering grievances).

I. Introduction

The University of California, Santa Barbara (UCSB) is committed to creating and maintaining a community dedicated to the advancement, application, and transmission of knowledge and creative endeavors through academic excellence, where all individuals who participate in University programs and activities can work and learn together in an atmosphere free of harassment, exploitation, or intimidation.

Sexual violence, sexual harassment, retaliation, and other prohibited behavior (“Prohibited Conduct”) interfere with those goals. The University will respond promptly and effectively to reports of such conduct. This includes action to stop, prevent, correct, and when necessary, to discipline behavior that violates the SVSH Policy.

A. Applicable Procedures

The specific procedures for investigating and resolving complaints of Prohibited Conduct depend on the Respondent’s identity and relationship to the University.

- Where the Respondent is a faculty member, the procedures are in the Sexual Violence and Sexual Harassment Investigation and Adjudication Framework for Senate and Non-Senate Faculty, and local implementing procedures.
- If there is a question about the predominant role of the Respondent, the Title IX Officer will determine which procedure applies based on the circumstances (such as which role predominates in the context of the Prohibited Conduct). Where a Respondent is both a student and an employee, the Respondent may be subject to discipline applicable to both students and employees.
- Where the Respondent is a University of California employee at a different location, the Title IX Officer will forward the report to the Title IX Officer at the Respondent’s location of employment.
- Where the Respondent is a third party, the Title IX Officer will determine the appropriate manner of resolution consistent with the University’s commitment to a prompt and equitable process and applicable law, federal guidance, and the SVSH Policy. The University’s ability to take appropriate responsive action depends on its relationship and level of control over the third party, if any.
- Where there is no identifiable, individual Respondent (such as where the Complainant alleges Prohibited Conduct by an organization or a Respondent whose identity is unknown, or conduct by multiple people that rises to the level of Prohibited Conduct only when considered in the aggregate), the Title IX Officer may respond if appropriate.

B. Definitions

Applicable definitions from the SVSH Policy are incorporated herein. Other definitions can be found in applicable APMs and Senate Bylaws, and are incorporated herein.

- All provisions of the APM are accessible at [http://www.ucop.edu/academic-personnel-programs/academic-personnel-policy/general-university-policy-regarding-academic-appointees/index.html](http://www.ucop.edu/academic-personnel-programs/academic-personnel-policy/general-university-policy-regarding-academic-appointees/index.html).
C. **Chancellor’s Designees**

The Chancellor’s designee for matters involving UCSB Senate and non-Senate faculty is Executive Vice Chancellor David Marshall (david.marshall@ucsb.edu).

UCSB’s Title IX Officer is Ariana Alvarez (ariana.alvarez@ucsb.edu).
II. Support Resources, Safety Measures, and Accommodations for Individuals Impacted by Prohibited Conduct

A. Support Resources

Confidential campus and community resources are available to anyone impacted by Prohibited Conduct. Confidential resources provide a private space for an impacted party to discuss the incident, reporting options, and/or campus and legal processes without instigating an investigation or action by the University or law enforcement. Confidential resources on campus include advocates in the Campus Advocacy Resources and Education (CARE) Office, clinicians in the Academic and Staff Assistance Program (ASAP) and Counseling and Psychological Services (CAPS), and employees in the Office of the Ombuds. As noted in the SVSH Policy, designation as a “Confidential Resource” under the UC Policy and these Local Procedures only exempts a person from reporting to the Title IX Office. It does not affect other mandatory reporting obligations under UC CANRA (Child Abuse and Neglect Reporting Act) Policy, the Clery Act as a Campus Security Authority (CSA), and other policies or laws that require reporting to campus or local law enforcement, or Child Protective Services.

Other campus and community resources are available to provide safety measures and accommodations to anyone impacted by Prohibited Conduct. See the Campus and Community Resources guide in Appendix C for a complete list of campus and local confidential and non-confidential resources.

The University will offer to provide support services for Complainants and for Respondents. The CARE Office provides support services for Complainants. The Office of the Ombuds and ASAP provide support services for Respondents.

While the services of the CARE Office are exclusively for Complainants, the other noted resources are available to any individual impacted by Prohibited Conduct identified by the SVSH Policy, including Respondents, witnesses, reporting parties, and support providers. The CARE Office services students, faculty, and staff.

B. Safety Measures and Accommodations

Interim measures and support are available regardless of whether or not the incident is formally reported. Interim measures include, but are not limited to, no-contact orders or emergency protective orders, housing assistance, academic support, work accommodations, and counseling.

Some suggested accommodations include:

- **Work accommodations.** To enhance their safety and wellness, an impacted individual has the right to request an accommodation to alter their work schedule or location, or to access leave balances to cover absences that relate to matters covered by the SVSH Policy. These requests should be made to the impacted party’s direct supervisor, and may be coordinated through a CARE advocate or the Title IX Office, regardless of whether or not a formal report is made to the University or law enforcement. CARE advocates will make every attempt to protect the Complainant’s privacy to avoid any required reports from supervisory staff to the Title IX Office.

- **Housing relocation options.** If the impacted individual lives in University-owned housing, they have the right to request relocation options, which the University will review with them. Reasonable requests, space permitting, will be accommodated to the best of Housing, Dining & Auxiliary Enterprises’ abilities.
Accommodations requests to Housing, Dining & Auxiliary Enterprises can be coordinated through the Title IX Office or a CARE advocate.

Suggested safety measures include:

- **Emergency protective orders.** An impacted party facing an immediate threat to safety has the right to seek an Emergency Protective Order (valid for 10 court days) from the UCSB Police Department, Isla Vista Foot Patrol, or a local law enforcement agency, if a police report has been taken. At the expiration of the Emergency Protective Order, or in all other situations in which a protective order is needed, a temporary restraining order should be obtained through the Santa Barbara Superior Court. A CARE advocate can assist an impacted party in navigating this process.
III. Reporting Options (Stage 0)

A. Overview

Any person may make a report, including anonymously, of conduct prohibited under the SVSH Policy ("Prohibited Conduct") to the Title IX Office. The Title IX Office is responsible for receiving and responding to reports of Prohibited Conduct.

A person may also make a report to a Responsible Employee (as defined by the SVSH Policy: any University employee who is not a Confidential Resource). The SVSH Policy requires a Responsible Employee who becomes aware of an incident of Prohibited Conduct to report it to the University by contacting UCSB’s Title IX Officer or designee.

B. Complainant Reporting

Reporting one’s personal experience with Prohibited Conduct to a Responsible Employee, the Title IX Office, the Title IX Officer, or law enforcement is the decision of the impacted party. Understanding that reporting is an intensely personal process, UCSB respects the right of the impacted party to decide whether to report. However, if an act of Prohibited Conduct is shared with a Responsible Employee, that employee must notify the Title IX Office, which will make a determination as to whether a formal University investigation may be necessary to address the concerns reported.

The University encourages early reporting of incidents to either law enforcement or the Title IX Office. While there is no time limit for reporting, reports of Prohibited Conduct should be brought forward as soon as possible.

Even if a Complainant is not sure about reporting an incident, they are encouraged to preserve evidence for future reporting or obtaining a protection order. Efforts to do this include limiting use of the restroom and not bathing or showering, changing clothes, combing hair, cleaning up the crime scene, or moving anything the suspect might have touched (until the evidence has been collected). Evidence is most effectively collected via a sexual assault response team (SART) forensic exam. Additional efforts may also include writing down details about the incident(s), saving any communications (electronic, voice, text, or otherwise) from involved parties, and capturing a copy of any relevant online information (social media posts or messages).

C. Reporting Options

Impacted parties may pursue any of the following reporting options. A CARE advocate can provide information about reporting options and offer accompaniment during reporting processes.

- **Make no report.** Understanding that reporting is a personal decision, UCSB respects the right of the impacted party to decide whether to report. Seeking support through CARE does not trigger a report to law enforcement or UCSB; a report will not be made unless the individual impacted by Prohibited Conduct chooses to do so.

- **Report to law enforcement and request prosecution.** Impacted parties have the right to report incidents of Prohibited Conduct to law enforcement.
  - If the incident occurred on University property, a report may be made to the UCSB Police Department (UCPD). If the report is filed with UCPD, the officer will provide a business card with the case number...
on it, and will also offer the services of a campus CARE advocate or a community resource card (if in the local area).

- If the incident occurred off campus, a report may be made to the Isla Visa Foot Patrol or Santa Barbara Sheriff’s Office (for Isla Vista or Goleta), or the corresponding local law enforcement agency (if out of the area).

- Regardless of where the incident took place, it is important to note:
  - Law enforcement can assist victims by arranging for a forensic (SART) exam in order to provide admissible evidence when the person reporting an act of Prohibited Conduct desires prosecution through the criminal justice system.
  - If the impacted party was under the influence of alcohol or drugs, this may be relevant to the case and should be disclosed to the police.
  - In order to protect privacy, California law allows Complainants to request that the police not release personal identifying information—name, address, phone numbers, and date of birth—in publicly available recordkeeping. This will ensure a degree of confidentiality, but does not guarantee complete anonymity. Per the Violence Against Women Act of 1994, UCSB Police will not release identifying information in alerts that are issued to the campus community, nor in information released to the media.

- **Report to law enforcement without requesting prosecution.** In some cases, reports to law enforcement may be made for documentation purposes only. Ultimately, the decision to prosecute is made by the District Attorney, although the cooperation of the Complainant is considered necessary.

- **File a complaint with the UCSB Title IX Office.** Any report of Prohibited Conduct made to a Responsible Employee and/or the Title IX Office places the University “on notice” to take action to remedy the situation and mitigate its effects. Reporting to the Title IX Office or any Responsible Employee will initiate a University review with possible investigation by the Title IX Office and potential adjudication by the designated body. Upon reporting to the Title IX Office, the Complainant will be provided with a written explanation of their rights and options. If a complaint is investigated by the Title IX Office, the Respondent will also be provided with a written explanation of their rights and options.

- **Report to both law enforcement and Title IX Office.** Because of privacy laws and jurisdictional issues, law enforcement is not always able to share reports of Prohibited Conduct with the University. Therefore, if the Complainant has reported to law enforcement and also desires University review of the case for investigation and possible adjudication, the Complainant must also report their complaint to Title IX Office. The two factfinding investigations will be coordinated to the best of the Title IX investigator’s abilities. At the request of law enforcement, the University investigation may be delayed as needed to meet any specific needs of the criminal investigation. Such a delay may be cause for extending the University timelines to complete the process. Delays will be communicated to all parties and documented by the Title IX investigator.

- **Make an anonymous report.** Reports can be made without names included. Without any identifying information, however, the University may be unable to respond fully to the reported incident. In most cases, it is unlikely that an anonymous report to the Title IX Office would lead to an investigation or disciplinary action against the alleged Respondent.
IV. UCSB’s Response and Resolution Processes (Stage 1)

As soon as practicable after receiving a report, the Title IX Office will make an initial assessment, including a limited factual inquiry when appropriate, to determine whether the report on its face alleges an act of Prohibited Conduct, and if so, whether the Prohibited Conduct is covered by the SVSH Policy.

A. Jurisdiction

These Local Procedures cover acts of Prohibited Conduct committed by UCSB Staff Members or Non-Faculty Academic Personnel, when the conduct occurs:

- on University property;
- in connection with University employment or in the context of a University employment or education program, activity or service (including, for example, University-sponsored study abroad, research, on-line courses, health services, or internship programs); or
- off University property and outside the context of a University employment or education program, activity or service, but has continuing adverse effects on—or creates a hostile environment for students, employees or third parties while on—University property or in any University program, activity or service.

B. Initial Assessment

Upon receipt of a report of or information about alleged Prohibited Conduct, the Title IX Officer will make an initial assessment in accordance with the SVSH Policy, which shall include making an immediate assessment concerning the health and safety of the Complainant and the campus community.

1. Initial Review and Inquiry

Upon receipt of a report of Prohibited Conduct from a Responsible Employee, the Title IX Office will attempt to contact the Complainant, if known, to inform them of their rights, options, and resources. The Campus and Community Resources (Appendix C) and Rights & Options of the Parties (Appendix D) documents are included in this email outreach.

The Title IX Office will identify the policy (or policies) applicable to the report based on the date of the incident or reported behavior. The entire timeframe of the reported incident or behavior will be considered and the Title IX Office’s assessment may include multiple versions of the University’s SVSH Policy, as applicable. However, the response procedures for all reports will follow the terms of the current SVSH Policy and these Local Procedures.

The Title IX Officer will ensure that the Complainant, if their identity is known, is provided a written explanation of rights and available options as outlined in the SVSH Policy, including:

- How and to whom to report alleged violations;
- Options for reporting to and/or notifying law enforcement and campus authorities;
- Information regarding confidential resources;
- The rights of Complainants regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by criminal or civil courts;
- The importance of preserving evidence that may assist in proving that a criminal offense occurred or in obtaining a protection order;
- Counseling, health assistance, mental health assistance, victim advocacy, legal assistance, visa and immigration assistance, and other services available both within the institution and the community; and
• Options for, and available assistance to, a change to academic, living, transportation, and working situations if the Complainant requests and if such options are reasonably available—regardless of whether the Complainant chooses to report the crime to law enforcement.

If the Complainant declines to respond, the Title IX Office will determine how best to respond to the matter based on the available information. The Title IX Office will advise the Complainant in writing via email of the final response decision with rationale for that determination and proceed accordingly thereafter.

2. Consideration of Interim Actions and other Protective Measures

The University will also consider and take interim measures as appropriate to ensure the safety, well-being, and equal access to University programs and activities of its students and employees. The Title IX Office, in coordination with the Employee Case Management Team, and in consultation with the Complainant when possible, will make an immediate assessment of the health and safety of the Complainant and the campus community, and determine and oversee interim measures that are immediately necessary. Interim measures include, but are not limited to, the following: no-contact orders, housing assistance, academic support, and counseling.

Involuntary leave of a Senate faculty respondent may be imposed in accordance with APM-016. Investigatory leave of a non-Senate faculty respondent may be imposed in accordance with APM-150.

The Title IX Office will strive to protect privacy with respect to any interim or protective measures provided to the parties, to the extent it does not impair Title IX’s ability to provide the interim or protective measures. In some cases, the Title IX Office may need to disclose some information about a Complainant to a third party to provide necessary accommodations or protective measures.

C. UCSB’s Response to Prohibited Conduct

Once the Title IX Office receives a report of alleged Prohibited Conduct, they will determine if the issues presented rise to a potential policy violation, and if so, determine the most appropriate process to address the issues presented. Provided the University has sufficient information to respond, and in accordance with the SVSH Policy, UCSB may resolve reports of Prohibited Conduct by Alternative Resolution, Formal Investigation, or separate employee grievance or complaint process.

The Title IX Officer oversees the University’s response to reports of Prohibited Conduct to ensure the proceedings are prompt, fair, and impartial from the initial report to the final outcome.

Investigations and adjudication will be conducted by UCSB officials who receive annual training on issues related to Prohibited Conduct.

At all stages of the resolution process, the Complainant and Respondent have the right to an advisor and/or a support person of their choosing. The advisor and/or the support person may be any person (including an advocate, attorney, friend, or parent) who is not otherwise a party or a witness. The advisor’s primary role is to provide guidance through the process. The support person’s primary role is to provide emotional support. The advisor and/or the support person may not speak on behalf of a student or otherwise disrupt any meetings or proceedings in any manner. The University reserves the right to exclude an advisor and/or support person who does not abide by these procedures.
1. Alternative Resolution

After a preliminary inquiry into the facts, the Title IX Officer may initiate an Alternative Resolution in accordance with the SVSH Policy. After an initial assessment of the alleged facts, the Title IX Officer may—if the Complainant and Respondent agree—begin an Alternative Resolution process. The Title IX Officer will, if appropriate, begin the process in consultation with other offices depending on whether the Complainant and Respondent are faculty, other academic appointees, staff, student employees, or students.

Alternative Resolution may include, among other responses:

- separating the parties;
- providing for safety;
- referring the parties to counseling;
- mediation (except in cases of sexual violence);
- referral for disciplinary action;
- an agreement between the parties;
- conducting targeted preventive educational and training programs; and
- conducting a follow-up review to ensure that the resolution has been carried out effectively.

Alternative Resolution may be especially useful when:

- a Formal Investigation is not likely to lead to a resolution;
- both parties prefer an informal process; or
- a case involves less serious allegations.

The Title IX Officer has discretion to determine whether the complaint is appropriate for Alternative Resolution, to determine the type of resolution to pursue, and to stop the process at any time before its conclusion and move to a Formal Investigation.

Participation in Alternative Resolution is voluntary, meaning both the Complainant and the Respondent must agree to participate. If Alternative Resolution is selected, the Title IX Officer will provide timely written notice to both parties that:

- the Title IX Officer has begun the process;
- the process is voluntary and will end upon either party’s request;
- termination may result in Formal Investigation;
- they may be accompanied by an advisor throughout the process; and
- the Title IX Officer will notify both parties of the process’s outcome.

The Title IX Officer will oversee the Alternative Resolution process and, if other campus officials are involved in the process, maintain an appropriate level of involvement.

The Title IX Officer will complete the Alternative Resolution process promptly, typically within 30 to 60 business days of notifying the parties in writing of starting the process. However, the Title IX Officer may extend past 60 days for good cause. The Title IX Officer will notify the parties in writing of the reason for any extension and the projected new timeline. The actual time required will depend on the specific circumstances, including the complexity of the allegations and the nature of the alleged conduct. The Title IX Officer will consider, approve, and communicate extensions per written guidelines from the Systemwide Title IX Office.

Once the parties have agreed to the terms of an Alternative Resolution, the University will not conduct a Formal Investigation unless the Title IX Officer determines that the Respondent failed to satisfy the terms of the
Alternative Resolution, or that the Alternative Resolution was unsuccessful in stopping the Prohibited Conduct or preventing its recurrence.

The Title IX Officer will keep records of all reports and conduct addressed through Alternative Resolution.

2. Formal Investigation

In cases where Alternative Resolution is inappropriate or unsuccessful, the Title IX Officer may conduct a Formal Investigation as contemplated in the SVSH Policy. Generally, the Formal Investigation follows these steps:

a. Notification to Chancellor

The Title IX Officer will notify the Chancellor and the Chancellor’s designee when a Formal Investigation is commenced against a faculty Respondent. The Title IX Officer will be sensitive in their communication to protect the neutrality of the Chancellor and the Chancellor’s designee, as well as the privacy of the Complainant and the Respondent.

Thereafter, the Title IX Officer will regularly communicate with the Chancellor and the Chancellor’s designee regarding the status of the Formal Investigation.

b. Notice of Charges

When a Formal Investigation is conducted, the Title IX Office will simultaneously send written notice of the charges to the Complainant and Respondent. The written notice will include:

- A summary of the allegations and potential violations of the SVSH Policy;
- The purpose of the investigation;
- A statement that the investigative report, when issued, will make factual findings and a determination whether there has been a violation of the SVSH Policy;
- A statement that the findings under the SVSH Policy will be based on the preponderance of the evidence standard and that a finding of a violation of the SVSH Policy will establish probable cause under APM-015;
- A summary of the Title IX and faculty discipline process, including the expected timeline;
- A summary of the rights of the Complainant and Respondent, including the right to an advisor and support person;
- A description of the resources available to the Complainant and Respondent; and
- An admonition against intimidation or retaliation.

If a Title IX investigator discovers new facts that could form the basis for additional policy violations or sanctions, the Title IX Office will simultaneously provide the parties with an amended Notice of Charges, which will include both the original and new allegations and charges.

c. Investigative Process

The Title IX Officer will designate an investigator to conduct a fair, thorough, and impartial investigation.
i. Overview

During the investigation, the Complainant and Respondent will be provided an equal opportunity to meet with the investigator, submit information, and identify witnesses who may have relevant information.

The investigator will meet separately with the Complainant, the Respondent, and the third-party witnesses who may have relevant information, and will gather other available and relevant information. The investigator may follow up with the Complainant or the Respondent as needed to clarify any inconsistencies or new information gathered during the course of the investigation.

Disclosure of facts to persons interviewed will be limited to what is reasonably necessary to conduct a fair and thorough investigation. Participants in an investigation may be asked to maintain confidentiality when essential to protect the integrity of the investigation.

The Complainant or the Respondent may have an advisor and a support person present when personally interviewed and at any related meeting. Other witnesses may have a representative present at the discretion of the investigator or as required by University policy or collective bargaining agreement.

ii. Coordination with Law Enforcement

When a law enforcement agency is conducting its own investigation into the alleged conduct, the Title IX investigator will make every effort to coordinate their fact-finding efforts with the law enforcement investigation. At the request of law enforcement, the investigation may be delayed temporarily to meet specific needs of a criminal investigation.

iii. Participation in Investigation

Neither the Complainant nor the Respondent is required to participate in the resolution process outlined in these Local Procedures. The University will not draw any adverse inferences from a Complainant or Respondent’s decision not to participate or to remain silent during the process. An investigator will reach findings and conclusions based on the information available. However, when a party selectively participates in the process—such as choosing to answer some, but not all questions posed, or choosing to provide a statement only after reviewing the other evidence gathered in the investigation—an investigator may consider the selective participation in evaluating the party’s credibility. In doing so, they should try to discern reasonable non-adverse explanations for the selective participation, including from the parties’ own explanations, and determine whether the information available supports those explanations.

The University will strive to honor the stated wishes of the Complainant regarding whether to move forward with an investigation and any safety concerns for any involved individuals. There may be circumstances, however, in which the University may need to move forward against the Complainant’s wishes, or in which the University may determine that an investigation will not occur despite the Complainant’s wish to pursue an investigation. In such cases, the Title IX Officer, or their designee, will make this determination after completing an initial inquiry into the facts.
d. **Timeframe for Completion of Investigation; Extension for Good Cause**

The notice of investigation outcome and accompanying investigative report will be issued promptly, typically within sixty (60) to ninety (90) business days of initiation of the Formal Investigation, unless extended by the Title IX Officer for good cause, with written notice to the Complainant and the Respondent of the reason for the extension and the projected new timeline.

The Title IX Officer or designee will keep the Complainant and Respondent regularly informed concerning the status of the investigation.

e. **Distribution of Investigative Finding**

i. **Investigative Report**

Following the conclusion of the investigation, the Title IX investigator will prepare a written report. The written investigative report will include a statement of the allegations and issues, the positions of the parties, and a summary of the evidence.

If the Complainant or the Respondent offered witnesses or other evidence that was not relied upon by the investigator, the investigation report will explain why it was not relied upon. The investigative report will include findings of fact and a determination regarding whether, applying the preponderance of the evidence standard, there is sufficient evidence to conclude that Respondent violated the **SVSH Policy**.

A finding that the respondent violated the SVSH Policy will establish probable cause as defined in the Faculty Code of Conduct (Section III.A.4 of APM-015).

The investigative report will be final upon approval of the Title IX Officer and delivery to the Chancellor or Chancellor’s designee.

ii. **Notice of Investigation Outcome**

Upon completion of the Title IX investigative report, the Title IX Officer or designee will simultaneously send to the Complainant and the Respondent a written notice of investigation outcome regarding whether a violation of the **SVSH Policy** was found. The notice of investigation outcome will be accompanied by a copy of the investigative report, which may be redacted as necessary to protect privacy rights.

The Title IX Officer or designee will also send the notice of investigation outcome and accompanying investigative report to the Chancellor or Chancellor’s designee.

The notice of investigation outcome will include:

- A statement of whether a preponderance of the evidence demonstrated that the Respondent violated the **SVSH Policy**;
- An admonition against intimidation or retaliation;
- An explanation of any interim measures that will remain in place;
- A statement that the complainant and respondent have an opportunity to respond in writing and/or in person to the Chancellor or Chancellor’s designee; and
- A statement indicating whether it appears that further investigation by the Chancellor or Chancellor’s designee or other appropriate body may be necessary to determine whether other
violations of the Faculty Code of Conduct occurred, separate from any allegations of Prohibited Conduct that were investigated under the **SVSH Policy**.

In addition, if the investigation determined that the faculty Respondent violated the **SVSH Policy**, the notice of investigation outcome will also include:

- A statement that the finding that Respondent violated the **SVSH Policy** constitutes a finding of probable cause as defined in APM-015;
- For matters involving Senate faculty Respondents, a description of the process for deciding whether and what discipline to impose, including a statement that the Chancellor or Chancellor’s designee will engage the Peer Review Committee to advise on appropriate resolution, which may include pursuing discipline in accordance with APM-016;
- For matters involving non-Senate faculty respondents, a description of the process for deciding whether and what discipline to impose, including a statement that the Chancellor or Chancellor’s designee will engage the Peer Review Committee or consult with the Academic Personnel Office to advise on appropriate resolution, which may include corrective action or termination in accordance APM-150;
- A statement of the anticipated timeline and a statement that both the Complainant and the Respondent will be informed of the final resolution of the matter.

### 3. Grievance/Complaint Procedures for Employees

Instead of, or in addition to, reporting to the Title IX Office or other Responsible Employee, a University employee may file a grievance or complaint. That grievance or complaint must meet all of the requirements, including time limits for filing, under the applicable complaint resolution or grievance procedure listed in Senate Bylaw 335 for Members of the Academic Senate, APM 140 (Non-Senate Academic Appointee/Grievances) for non-senate, non-represented faculty, or Bargaining Units & Contracts for Exclusively Represented Academic Personnel. Any such grievance or complaint will be forwarded to the Title IX Officer for processing under the **SVSH Policy**, and the grievance or complaint procedure will be held in abeyance pending resolution under the **SVSH Policy**, unless the applicable collective bargaining agreement provides otherwise. After completion of the process under the **SVSH Policy**, the grievance or complaint may be reactivated under the applicable grievance or complaint procedure.
V. **UCSB’s Assessment and Consultation (Stage 2)**

The Chancellor or Chancellor’s designee has the authority and responsibility to decide what action to take in response to the findings of the Title IX investigation report. The Chancellor or Chancellor’s designee may determine that additional investigation is required to determine whether other Faculty Code of Conduct violations occurred, but will not reinvestigate the allegations of Prohibited Conduct investigated by the Title IX Office.

The Chancellor or Chancellor’s designee may consult with the Title IX Office, the Academic Personnel Office, or other appropriate entities at any time during the decision-making process.

A. **Opportunity to Respond**

The Chancellor or Chancellor’s designee will offer the Complainant and the Respondent an opportunity to respond to the notice of investigation outcome and accompanying investigation report, either through an in-person meeting with the Chancellor or Chancellor’s designee, a written statement to the Chancellor or Chancellor’s designee, or both.

The purpose of this response is not to challenge the factual findings in the Title IX investigative report or present new evidence, but to provide the Complainant and the Respondent with an opportunity to express their perspectives and address what outcome they wish to see.

B. **Peer Review Committee for Senate Faculty**

In the event that the Title IX investigation finds a Senate faculty Respondent responsible for violating the SVSH Policy, the Chancellor or Chancellor’s designee will engage the campus Peer Review Committee to advise on appropriate resolution.

The Peer Review Committee, composed on each campus at the direction of the President, will advise the Chancellor or Chancellor’s designee regarding how to resolve the matter, including whether the Chancellor or Chancellor’s designee should pursue a formal charge for violation of the Faculty Code of Conduct or pursue an early resolution. The Peer Review Committee should also provide advice on the appropriate discipline or other corrective or remedial measures.

The Peer Review Committee will be engaged in all cases where the Title IX investigation has found a Senate faculty Respondent has violated the SVSH Policy. The Peer Review Committee will be trained by the Title IX Office on the SVSH Policy and these Local Procedures, the application of a trauma-informed approach, and how to analyze the elements of a violation of the SVSH Policy.

C. **Peer Review Committee or Consultation with Academic Personnel for Non-Senate Faculty**

In the event that the Title IX investigation finds a non-Senate faculty Respondent responsible for violating the SVSH Policy, the Chancellor or Chancellor’s designee will engage the Peer Review Committee or consult with the Academic Personnel Office, depending on what form of consultation the campus decided to employ. Such consultation will occur in all cases where the Title IX investigation has found that the non-Senate faculty Respondent has violated the SVSH Policy.

The advisory role of the Peer Review Committee is described in Section V.B above.
D. Title IX Officer Consultation for Senate and Non-Senate Faculty

In all cases where the Title IX investigation finds a Senate or non-Senate faculty Respondent responsible for violating the SVSH Policy, the Chancellor or Chancellor’s designee will consult with the campus Title IX Officer on how to resolve the matter, including the appropriate discipline or other corrective measures.
VI. UCSB’s Decision on Sanctions (Stage 3)

UCSB will take prompt and effective steps reasonably calculated to stop any violation of the UC SVSH Policy, prevent its recurrence, and, as appropriate, remedy its effects. If the remedy has not already been provided, the Title IX Officer will oversee its implementation in consultation with appropriate administrators.

A. Decision on Sanctions for Senate Faculty

1. Decision by Chancellor or Chancellor’s Designee

Following consultation with the Peer Review Committee and Title IX Officer, in accordance with APM-016, the Chancellor or Chancellor’s designee will decide what action to take to resolve the matter.

As stated in APM-015, “The Chancellor must initiate related disciplinary action by delivering notice of proposed action to the respondent no later than three years after the Chancellor is deemed to have known about the alleged violation.” As further stated in APM-015, “[F]or an allegation of sexual violence or sexual harassment, the Chancellor is deemed to know about an alleged violation of the Faculty Code of Conduct when the allegation is first reported to any academic administrator at the level of department chair or above or the campus Title IX Officer.” (Section III.A.3 of APM-015.)

a. No Formal Discipline

In the event the Chancellor or Chancellor’s designee determines to resolve the matter without taking any formal disciplinary action, the Chancellor or Chancellor’s designee will promptly and simultaneously communicate this decision and its rationale to both the Complainant and the Respondent.

b. Early Resolution

The Chancellor or Chancellor’s designee can enter into an early resolution with the Respondent in accordance with APM 016. An early resolution can be achieved at any time prior to the final imposition of discipline.

Subsequent to the Respondent agreeing to the terms of the early resolution, the Chancellor or Chancellor’s designee will promptly inform the Complainant of those terms, including any discipline or other corrective or remedial measures, and the rationale for these terms.

c. Charge Filed with Academic Senate Committee on Privilege & Tenure

The Chancellor or Chancellor’s designee can take steps to propose discipline and file a charge with the Academic Senate’s Committee on Privilege & Tenure without first pursuing early resolution, or if the Respondent does not agree to early resolution.

The Chancellor or Chancellor’s designee will promptly inform the Complainant that the charge has been filed.

2. Timeframe for Decision; Extension for Good Cause

The Chancellor or Chancellor’s designee should implement their decision promptly, typically within forty (40) business days of receipt of the notice of investigation outcome and accompanying investigative report. If the matter has not been otherwise resolved within forty (40) business days, the Chancellor’s designee will file a
charge with the Academic Senate’s Committee on Privilege & Tenure. A charge will not be held in abeyance or suspended while an early resolution is being pursued or finalized.

Extensions to this timeline may be granted by the Chancellor for good cause with written notice to the Complainant and the Respondent stating the reason for the extension and the projected new timeline.

3. Process Following the Filing of a Senate Charge

The procedures following the filing of a charge with the Academic Senate’s Committee on Privilege & Tenure are set forth in the APM-015 and APM-016, Senate Bylaw 336, and other applicable Senate bylaws, as well as divisional bylaws on each campus.

The Title IX investigative report will be accepted as evidence in the Privilege & Tenure hearing. The Chancellor or Chancellor’s designee will ensure that the Complainant and the Respondent receive regular updates regarding the status of the proceedings.

Within 14 calendar days of receiving the recommendation from the Academic Senate’s Committee on Privilege & Tenure, in accordance with APM-016 and other applicable procedures, the Chancellor will make a final decision regarding discipline, unless the decision involves dismissal for a faculty who has tenure or security of employment or denial or curtailment of Emeritus status. As stated in APM-016, “Authority for dismissal of a faculty member who has tenure or security of employment rests with The Regents, on recommendation of the President, following consultation with the Chancellor” (Section II.6 of APM-016) and “Authority for the denial or curtailment of emeritus status of a faculty member rests with the President, on recommendation of the Chancellor: (Section II.5. of APM-016) Extensions to this timeline may be granted for good cause with written notice to the Complainant and the Respondent stating the reason for the extension and the projected new timeline.

The Complainant and the Respondent will be promptly and simultaneously informed of the decision regarding discipline and its rationale.

B. Decision on Sanctions for Non-Senate Faculty

1. Decision by Chancellor or Chancellor’s Designee

Following consultation with the Title IX Officer and Peer Review Committee or Academic Personnel Office, and in accordance with APM-150, the Chancellor or Chancellor’s designee shall decide what action to take to resolve the matter.

As stated in APM-015, “The Chancellor must initiate related disciplinary action by delivering notice of proposed action to the respondent no later than three years after the Chancellor is deemed to have known about the alleged violation.” As further stated in APM-015, “[F]or an allegation of sexual violence or sexual harassment, the Chancellor is deemed to know about an alleged violation of the Faculty Code of Conduct when the allegation is first reported to any academic administrator at the level of department chair or above or the campus Title IX Officer.” (Section III.A.3 of APM-015.)

a. No Disciplinary Action

In the event the Chancellor or Chancellor’s designee determines to resolve the matter without taking any disciplinary or corrective action, the Chancellor or Chancellor’s designee will promptly and simultaneously communicate this decision and its rationale to both the Complainant and the Respondent.
b. **Informal Resolution**

The Chancellor or Chancellor’s designee can pursue an informal resolution in accordance with APM-150, which may include discipline and/or other corrective or remedial measures. Informal resolution can be achieved at any time prior to the final imposition of dismissal or corrective action.

Subsequent to the Respondent agreeing to the terms of an informal resolution, the Chancellor or Chancellor’s designee will promptly inform the Complainant of those terms, including any discipline or other corrective or remedial measures, and the rationale for these terms.

c. **Notice of Intent**

The Chancellor or Chancellor’s designee can issue a notice of intent instituting dismissal or other corrective action in accordance with APM-150.

2. **Timeframe for Decision; Extension for Good Cause**

The Chancellor or Chancellor’s designee should implement their decision promptly, typically within forty (40) business days of receipt of the notice of investigation outcome and accompanying investigative report. If the matter has not been otherwise resolved within forty (40) business days, a notice of intent shall be issued.

Extensions to this timeline may be granted by the Chancellor for good cause with simultaneous written notice to the Complainant and the Respondent stating the reason for the extension and the projected new timeline.

3. **Process Following the Provision of a Written Notice of Intent**

The procedures following the provision of a notice of intent are set forth in APM-150.

Should the Respondent submit a grievance under APM-140 alleging a violation of APM-150 or otherwise challenging an administrative decision described in this process, the Chancellor’s designee will ensure that both the Complainant and the Respondent receive regular updates regarding the status of the grievance.

As stated in APM-140, “When a non-Senate faculty member receives notice of termination before the expiration of his or her appointment, he or she may select as a grievance mechanism either APM-140, as described in this policy, or Section 103.9 of the Standing Orders of The Regents (S.O. 103.9), the procedures of which are described in Academic Senate Bylaw 337. In selecting either APM-140 or S.O. 103.9, the non-Senate faculty member waives the right to invoke the other mechanism to review the same grievance.” (APM-140-14e.)

Subsequent to any final decision, the Chancellor or Chancellor’s designee will promptly and simultaneously inform the Complainant and the Respondent of the decision, including any final decision on discipline and its rationale.

OPTIONS FOR COMPLAINANTS AND RESPONDENTS

Both the Complainant and Respondent have options throughout the investigation, adjudication, and appeal processes. They include the following:

- Counseling, health assistance, mental health assistance, victim advocacy, legal assistance, visa and immigration assistance, financial aid assistance, and other services are available within both the University and the community (including information regarding confidential resources). Detailed information about resources can be found in the *Campus and Community Resources* (Appendix to the UCSB Local Procedures).

- The UCSB Local Procedures contain information about the range of possible outcomes for a report to the Title IX Office, including interim, remedial, and supportive measures, as well as disciplinary actions.

- The UCSB Local Procedures contain applicable procedures for institutional disciplinary action.

OPTIONS FOR COMPLAINANTS

Complainants have certain options throughout the reporting and investigation processes. They include the following:

- Complainants have multiple reporting options, including the option to report to law enforcement or campus authorities, and the right to decline notifying such authorities. Reporting options are outlined in the UCSB Local Procedures. In some cases, the University may investigate an allegation or take other action without the Complainant’s participation, in order to address safety issues for the community.

- Complainants have the option to request no-contact orders through the University, as well as orders of protection, restraining orders, or similar orders issued through criminal or civil courts. UCSB will comply with any orders that are obtained.

- Complainants are encouraged to preserve evidence that may assist in proving that a criminal offense occurred or in obtaining a protection order. See the UCSB Local Procedures for more information about evidence preservation.

- Complainants have the option to request assistance with changing academic, living, transportation, and working situations, regardless of whether they have chosen to report the alleged conduct to law enforcement. The University will provide assistance if such options are reasonably available.
